**Single Bowl  
Frozen Drink Machine  
Operating Instructions**

1. **Mix drink formula – ½ (32oz) of mix with 1 gallon of water**
2. **Plug in unit to 110; 15amp outlet**  
**\*Unit draws 3 amps with compressor running**
3. **Turn on green switch** 
4. **Set switch on cooler to frozen** 
5. **Do not run unit below minimum level**
6. **Alcohol will slow freeze time by as much as 50%. To avoid this, alcohol may be added when the mixture is served.**

**Problems – call 513-563-0600**
